FOR MIGRANTS

Scheme to Send 10,000

London, Aug. 3.—Proposed arrangements to send 10,000 unemployed British coal miners to assist in the Canadian harvest fields have not as yet been approved, but are still under discussion. The announcement made August I by the Canadian Press that Right Hon. h G. M. S. Amery, Secretary for the Dominions, had stated in the House of Commons that the arrangement had been concluded was erroneous, being the result of misinterpretation of a cabled dispatch.

YEAR'S EMPLOYMENT DEMANDED

Considerable disappose.

The scheme was fully outlined by Mr. Amery, who explained there would be reduced fares both ways, and was widely published in British newspapers, naturally leading many people here to think the proposals already had been ratified.

TORAL'S COUNSEL PREPARE DEFENCE

Will Argue Man Who Killed Gen. Obregon in Mexico Mentally Irresponsible

Mexico City, Aug. 3.—Mental irresponsibility" will be offered by the
lawyers of Jose de Leon Torai as his
defence in his trial on a charge of
having murdered President-elect Alvaro
Obregon, it was indicated by them today. It appeared to matter little to
Torai himself what steps the two lawpers would take. He is understood
to have reiterated his rejection of their
services and to have refused to offer
any defence.

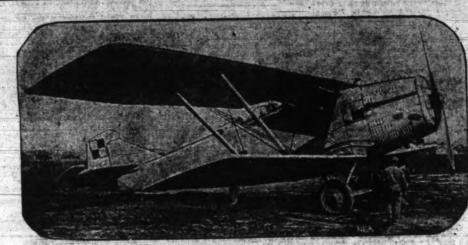

any defence.

To-day the court was asked to have physicians specializing in mental and nervous disorders examine Toral for the purpose of determining whether or not he is insane or mentally irresponsible.

Ottawa Announces Removal of Judge H. F. Maulson of Northern Manitoba

Charges Heard at Investiga-tion Included Intoxication on the Bench

Ottawa, Aug. 3.—Dismissal of Judge H. F. Maulson of the Northern Judicial District of Manitoha is announced here. Charges made against Judge Maulson, which were sustained on investigation, have resulted in his removal from office. Such action has been unusual in Canadian judicial history.

The charges included more than a domen instances of Judge Maulson presiding on the bench while under the influence of liquor. It was also charged that he patronized bootleggers who had appeals pending before him. Other charges involved the passing of worthless cheques and consorting with a Chinese restaurant keeper.

The witnesses who appeared before Judge Trueman, who conducted the investigation, were mainly members of the bar.

400 Metres In Wild Finish At Olympics

Canadian Sprinter, After Defeating Barbuti in Semifinals, Times His Final Burst Too Late or He Would Have Been Crowned Winner; Barbuti Falls Over Tape Exhausted While Ball, Running Strongly, Would Have Won in Another Stride; Joe Wright and Jack Guest, Toronto, Win Heat in the Double Sculls; Ritola Beats Nurmi in 5,000 Metres Final

Amsterdam, Aug. 3.-Ray Barbuti brought the United States its first running track victory at the Olympic Games by winning the 400 metres championship to-day. His time was 47 4-5 seconds, which is within a fifth of a second of the Olympic record.

Finishing second and closing with a blinding burst of speed came James Ball of Winnipeg. Ball failed by just inches to nip Barbuti at the finish. He forced Barbuti to set such a terrific pace that the United States runner collapsed completely at the tape. Barbuti had raced into the stretch with the lead.

Rall timed his final spurt a little nest timed his man spurt a-little too late or otherwise he would have been a certain winner, as at the end he was gaining on Barbuti at every stride, losing out at the fluish

THE FACTS

N AN EDITORIAL IN TO-DAY'S ISSUE a of The Colonist the following comments appeared in respect of the return to British Columbia of the

"Before and during the recent provincial elec-tion campaign, the Liberal Government of British Columbia announced that it had secured the re-turn of the Ballway Lands to the province by the Pederal Government, Now comes the announce-Pederal Government, Now comes the announcement that negotiations covering the return of the Railway Belt and the Peace River Block to provincia ment that negotiations covering the ennounce.
Railway Belt and the Peace River Block to provincial scentrol will be left entirely with the forthcoming. Toimic Government. It was always known that the claim made by the Liberails was a premature one; indeed, this was pointed out long ago. The announcement, which now comes from the Liberail Government itself, is an intimation that pre-election statements do not necessarily have to be believed."

This is not a correct statement of the case, and our contemporary should know that it is not. There been no announcement that "negotiations covering the return of the railway belt and the Peace River block to Provincial control will be left entirely with the forthcoming Tolmie Government." The negotiations on this matter have been completed, with the exception of several points regarding Indian reserves and park areas, and these would have been disposed of after the last session of Parliament but for the imminence of the provincial election.

The recent history of this question ought to be familiar to our readers, and more familiar to the readers of the morning paper than it appears to be to the morning paper itself. As the result of negotiations conducted, first by Hon. John Oliver, and afterwards by Hon. J. D. MacLean, Hon. Mr. Justice Martin of Saskatchewan was appointed to inquire into the lands matter, and he recommended that British Columbia had a moral right to the railway area and Peace River Block. Pursuant to that report Prime Minister King and Hon. Charles Stewart, Minister of the Interior, stated in the House of Commons at Ottawa that the necessary formalities to give effect to the recommendation of Mr. Justice Martin would be completed in due course. These formalities will cover the details affecting Indians and parks, to which we have referred.

As The Times stated in its announcement yesterday, the principle of the return of the lands already has been agreed upon. Naturally the negotiations regarding Indians and parks have been postponed pending the establishment of the Tolmie Government is office. The minor points should be disposed of without much delay.

Parliament, of course, must review the transaction, but we can be assured that in consequence of the understanding reached between the Dominion Government and the MacLean Administration the railway lands and Peace River Block of approximately 20,000 square miles will be returned to provincial control.

MR. FERGUSON AND THE EMPIRE

WHEN PREMIER FERGUSON WAS IN London recently he delivered an address at a Canada Club dinner in which he discussed the danger of Canadians becoming Americanized. He made it clear, like other experienced Canadians, that he is neither alarmist nor anti-American. Nor does he criticize what he terms our neighbor's "ambition" great plan of action," whatever these may be but he is clearly concerned about the main principle that our people shall remain staunch Canadians. And he is quite right in saying he gives utterance to the feelings of the great bulk of Canadians when he ex-

What we desire is not to drift away from you, to sever our connection, or even to loosen the bonds. What we all desire is to be drawn closer together, to teach the rising generations of our children the great objective in life must be to make a contribution to the strengthening of the fibre and virility of the greatest force for good that the world has ever known.

We agree with these sentiments of Mr. Ferguon. This is the gospel which many Canadians have been preaching for years. It was one of the goveraing factors which led Sir Wilfrid Laurier to give a preference to British goods entering Canada. It actuated successive Liberal governments to increase that preference. And it would have been interesting, moreover, if Premier Ferguson had attempted to explain to his London audience why it was that the party to which he gives his whole-hearted support reduced that preference during the war-when the British merchant was at his wits' end to know how to do business with the outside world in the face of the depredations of German submarines why Mr. Meighen in the election campaign of 1926 declared on the public platform that if he were elected to govern Canada, he would insist upon the British Government giving the products of Canada a similar preference, a high-sounding economic generality with a sting in it—a demand that the already heavily-taxed Briton should be taxed still more for his food.

A FINE RECORD

CANADA CAME WITHIN AN INCH OR so of capturing the 400-metre classic at Amsterdam to-day, Ball of Winnipeg uncorking a burst of speed which almost enabled him to nose out Barbuti of the United States. The Dominion contestant, however, can pride himself on running second.

The United States, of course, has piled up a large number of points and no doubt will be in the lead at the finish. But it must be remembered that in scoring its 142 points it has been able to draw upon no fewer than 270 athletes, yet until the republic's representative won the 400-metre event today it had not even one track victory to its credit. Canada, on the other hand, has just twenty-seven contestants and these already have scored thirty-three points—a showing of which this country may well

Taking the whole of the British Empire entrant together, Great Britain leading with less than sixty representatives, she has something like half of the American total; but the Empire's total of points al-ready is only three short of a hundred.

THE RIGHT COURSE

IT IS RIGHT AND PROPER THAT THE Dominion Government should let the authorities ployed cross the Atlantic to do harvest work on the prairies it will not accept responsibility for those who find themselves without employment when Winter sets in. It has stipulated that the transportation companies must accept the onus of placing them after they leave the fields and guarantee those who either do not wish to stay, or for whom no work can be found, a rate sufficiently low to expedite their return to the Old Country.

We shall expect critics of the Government to tell us that this is another proof that British settlers are not as welcome as settlers from other countries. In taking the course it has done, however, the Government shows its determination to prevent what happened in 1923, not that the situation a few disgruntled harvesters created then was half as bad as some British newspapers tried to make out; but the extraordinary view of Canadian conditions which some responsible British journals took at that time caused a good deal of tension and stirred up a wholly unmerited prejudice against this country. Thousands of those harvesters, of course, stayed and made good. They had no time to describe their success in letters home; but the misfits provided a good deal of "copy" to which several editors imparted as much sensation at their imaginations

PROTECTING OUR FORESTS

REPORTS FROM NELSON TELL US that five forest fires in that locality have been detected from the air during the last few days and the promptness with which it was possible to dispatch a fighting force in consequence resulted in the saving of timber worth many thousands of dollars.

Forest fires, of course, are responsible for the destruction of more timber in most years than falls to the axe for commercial purposes. It has been a part of the Liberal Administration's policy to use aeroplanes in conjunction with its efficient motor patrol forest service. This policy, however, was a target for criticism for the Opposition, and we recall the jibes in which it indulged some years ago.

We may assume by this time that our Opposition friends have a greater respect for the many uses to which the aeroplane may be put. Incidentally, if they are so concerned about the preservation of our forests as they have been trying to make out-by the use, of course, of spurious arguments—they can ask the Legislature at its next session for money to add to this branch of the provincial fire-fighting equipment.

WHAT OTHER PAPERS SAY

*COWARDS WHO HIT AND BUN The Boston Transcript

The hit-and-run driver is not deserving of mercy.

There are criminals for whom it is sometimes difficult not to entertain feelings of sympathy. Such an attitude towards the coward who strikes in the dark with a weapon of fifty horse power or more, and then speeds on, hoping to escape in the fog of anonymity, is im-

ADVENTURE FOR THE NEWS

Perhaps one of the reasons for the secretiveness of Nobile, of which Sweden complains, is that the Italian commander is responsible to some syndicate or some publisher to reveal the details of his voyage under protection of the international laws of copyright. Few of the polar expeditions, ocean flights or aviation adventures now are organized without being commercialized to the extent that their reports and announcements are exclusive stories of the sensation ventures in the air these days. The authors sign cast-iron contracts to protect the copyrights. Probably General Umberto Nobile awaits the routine method to tell the tragedy of the Italia at so much per word.

To go to the very root of adventure to-day, the newspaper and book rights practically induce the majority of the reckless, filmsy, daring, useless and indiscriminate stunts in the spectacular which rack the nerves of the world's avid readers. The nations are too often called upon to spend fortunes in search and rescue work as a sacrifice to the tasts of the masses for lurid front page stories "continued on page four" of most of the hysterical newspapers. That is something again that calls for abatement—by the people themselves.

A THOUGHT

Be not forgetful to entertain atrangers, for there some have entertained angels unawayes.—Heb. zili, 2. Stranger is a holy name.—Walter Scott.

from France, who came to Canada for the particular purpose of traveling with Dean Laird's party.

New Brunswick and Nova Scotia are well represented on this excursion. On-tario has sent a strong contingent. Men and women of every walk of life, graduates of universities who have embraced practically every profession, are included among them.

PURPOSE OF TOUR

"It is a fine thing to know one's country." said Dean Laird. "But it is a fine thing to know and feel a friend-ship for and comradeship with one's countrymen. That is the purpose of our tour. That is it's greatest value." Dr. and Madame Block and Dr. and Madame Jacoulet of Paris crossed the Atlantic to accompany Dean Laird's party. They are here to-day, with the others, registered at the Empress Hotel. That is the hesdquarters bot the company. There are others among the Easterners seeing the West for the first time, and they include three ladies of eighty-one, seventy-nine and seventy-one years of age, a Toronto family of seven and yet another, of the same number, from Montreal.

"It is a wonderful holiday for them."

"It is a wonderful holiday for them," "It is a wonderful holiday for them," says Dean Laird, "and a liberal education. They have an impression of the vastness of the Dominion and realize the necessity of a binding force to keep the people of such widely separated-parts together in a co-operative whole. Furthermore, they can appreciate the difficulties to be overcome in welding so mighty a nation economically and otherwise."

MIND POWER IS THEME OF TALK

Prof. J. A. Armand Addresses Large Audience on the "Art of Living"

"As we think so we become," was the statement made by Professor J. A. Armand, mental scientist of Paris and London, in the second of his addresses on the "Art of Living" delivered at the Victoria Club Hall, Campbell Building, last night.

inst night.

The speaker told of the tremendous power of the sub-conscious mind. stressing the point that this attribute JETO ATTEND

I.O.D.E. Chapter Makes Plans For Its Heather Day

CPAD

At the meeting of the Lady Douglas Chapter, IO.D.E., held at Municipal headquarters yesterday, it was decided to carry out the usual procedure for feather Day, and to sell heather on the streets on the day granted to the hapter by the City Council, Saturday, lugust 25.

August 25.

Mrs. Waiter Burton consented to act.
as in former years, as convener. The
heather will be supplied by F. Fraser
of Ucluelet, and members were requested
to help prepare the heather on Priday,
August 24, at Municipal headquarters.
The meeting passed a vote of sympathy with Mr. W. J. Bowser in the
death of his wife, and a standing silent
tribute was paid to the memory of the
tate Mrs. Bowser, whom the regent,
Mrs. R. B. McMicking, recalled as a
valuable helper in the early days of
the chapter.

Mrs. R. B. McMicking, recalised as a valuable helper in the early days of the chapter.

Regret was expressed at the unavoidable absence of the treasurer, Mrs. J. S. Brown, Mrs. C. Corbett, a member of the Batoche Chapter of Rosthern, Saskatchewan, was cordially welcomed to the meeting. Consideration was given to the projected visit of the English schoolights to Victoria on September 22, the chapter agreeing to act in any way required by the Municipal Chapter, when their programms is finally decided upon.

Purther interest was expressed in the suggestions regarding the remodelling of the building on the site of the old Bastion, on Government and Bastion Streets, and the hope expressed that in some way the ancient structure will be perpetuated. Reference was made to an early school building, still standing in the city, the history of which should be preserved, in keeping with the chapter's motto. "To keep one hand on the traditions of the past."

BOATS AND LAUNCHES FOR HIRE—GOOD BATHING

During the hot weather it makes no difference what type of milk one is using, there is always the danger that no ice, or not enough ice, or standing too long on a hot porch after delivery, is going to heat the milk sufficiently so that harmful bacteria in it may increase to dangerous proportions. As this is one of the foremost causes of Summer complaint, one can't be too careful.

The bride has many friends in Victoria, she having trained at the Royal Jubilee Hospital, graduating in 1926. For the last eighteen months she has been attached to the nursing staff of the Stanford University. San Francisco.

Later Lieut-Commander and Mrs. Linkins will make their home in San Francisco.

outer container. Put on the store and when water in outer container comes to a boil, let it boil for eight or ten minutes, keeping milk covered.

Or the milk may be boiled in an open pan directly over the flame. Bring to a boil slowly and let boil for three minutes over a slow fire. Longer boiling in no way harms the milk, as it makes the curd even finer, but milk scorches and burns easily, and it also boils away, so that it is wisest to stand over it and stir constantly to prevent any of these calamities. The thin scum may be removed, or else beaten into the milk.

DEEP SEA, COASTWISE SHIPPING, AND RAILROAD NEWS

TRAVEL SEASON **NOW CHANGING**

Cunard Line Official Reports Heaviest Sailings of Year After July 1

nee, and many others waiting on the pier without being able to obtain accommodation.

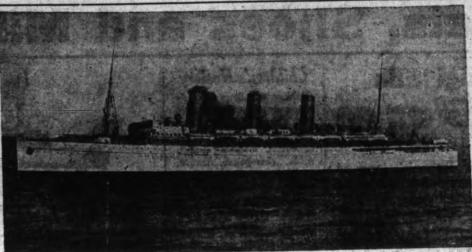

Commenting on this Mr. Borer said:

The tide of travel to Europe has definitely changed. The drift to earlier and later sailing, though previously unusial, was most marked this year. Herefofore no one thought of sailing after the Fourth of July. It marked the peak of the season. The indications are very positive now that the season is being extended. This was shown by the capacity lists carried by the Aquitania July 9, the Berengaria July 18 and the Mauretania July 25. On each one of these ships there was a waifing list of persons who hoped to get en board through last-minute cancellations or the acquiescence of some office; to give up his quarters.

"Tron June 20 to June 30, a period of ten days, we carried a record number of 2300 first cabin passengers on four skips. Not only did this mean the ships were filled to capacity, but that many were unable to obtain accommodations.

"Ceen travel is certainly expand-"

which will arrive at William Head quarantine station to morrow morning at 4 o'clock, according to wireless advices from Capt. A. J. Halley, commander, to the local offices of the Canadian Pacific Ballway Company. This will bring the vessel to the Rithet piers about 6.45 o'clock. Nearly 500 passengers in all classes make up the will bring the vessel to the Rithet piers about 6.45 o'clock. Nearly 500 passengers in all classes make up the list traveling on the white liner. Several of the first cahia passengers and a number of the steerage will disembark at this port, the remainder going on with the ship to Vancouver. The Asia is also carrying a capacity cargo, including a valuable shipment of raw silk, for the silk mills in the East.

that many were unable to obtain accommodations.

"Ocean travel is certainly expanding as scople realize that Spring and Fall are ideal for touring abroad. The outlook for August and September is far aheat of last year."

Montreal, Aug. 3.—Establishing a record of six days, nine hours and thirty minutes from Liverpool, the Canadian Pacific steamer Duches of Bedford arrived here to-day.

The Duchess had clipped nearly a full day from the record held by the C.P.S.S. Montrose.

Party On Yacht
InDanger When
Guards Arrive

Atlantic City, N.J., Aug. 3.—Laying broadside to a heavy sea washing over its deck and its rudder gone, the steam yacht Bon Homme owned by Robert C. Roebling of Trenton, host to a group of friends, was saved by coastguards from being pounded to pieces sixteen miles of Engelsen last night. While the twenty persons on board, including a crew of twelve, were unharmed, they had an exciting time while the C.G. 138 battled the heavy sea to come to their aid. To accommodate a party of 600 Eagles from Port Angeles who are planning to spend Sunday in Victoria, the Puget Sound Navigation Company's ferry steamer Olympic will make a special evening trip between this port and the city across the Strait on that day. The party of Eagles will come over to Victoria on the 801 Duc, arriving here at 9.15 o'clock in the morning and will remain until 8 o'clock when they will return on the Olympic. Returning to Victoria, the seeamer will leave Port Angeles at 10 o'clock. This will give Victorians a long stay in the United States city, as they will be able to leave here at 9 a.m. or 3.30 pm. and remain until 10 o'clock instead of returning at 6 o'clock.

Party From Kansas

On a specially conducted tour of Western Canada and the United States, a party of 125 residents of the State of Kansse-will arrive in Victoria on Monday, August 13, for a short stay in this city, during which time they will be taken around the waterfront and residential and business sections, on a sightseeing drive. Under the auspices of The Kansse Farmer, the largest agricultural magazine in the state, the party left this week and will arrive in Seattle on a Great Northern special train on the morning of August 13, transferring immediately to the C.P.R. steamer which will bring them here at 12.45 o'clock.

The party will leave again for Vancouver at 1.45 o'clock. After a short stay in the Terminal City they will leave on a Canadian National special train from Winnipeg. From Winnipeg they will travel back to Kansas by the Great Northern.

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at case. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or onlic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; resid the book that comes with it.

TIMES SPORTING NEWS

Banished Through False Starts

MYRTLE COOK

Canada counted on picking off the 100 metres for women at Amsterdam but the best they could get was a second place, awarded when the judges figured Ethel Robinson, of the United States, had won. Myrtle Cook, of Toronto, one of the fastest things on feminine legs was rated as the big bet of Canada but she was so anxious to get away from her marks that she was disqualified. She caused two false starts. Fanny Rosenfield, a team mate, was second. At the Olympic trials in Hallfax, people gasped at Myrtle's speed when she set up a new world's record of 12 seconds flat for 100 metres. Myrtle is one of the most consistent 100-metre sprinters ever known.

New Tennis Champion Finland Brings Will Be Crowned And Harrison May Be One

Defeat of Johnny Risso, Defending B.C. Champion, in Three-set Struggle by Lockwood Opens Way for New Titleholder; Hope Leeming and Mary Campbell, Last Local Stars in Running for High Honors, Reach Semi-finals by Brilliant Wins; Finals Will Be Held To-morrow

A new tennis champion of British Columbia will be crowned bere on Saturday, following Johnny Risso's 64, 2-6, 6-4 defeat at the hands of Sherman Lockwood yesterday afternoon at the Willows. This rather surprising result featured another fine day of play in the mammoth Provincial tourney which has now reached semi-finals in nearly every event.

The remaining Canadians passed out of the men's events, but two local ladies, Miss Mary Campbell and Miss Hope Leeming, tre keeping Victoria very much on the map in the feminine events. Both are in the semi-finals of the singles, while paired together they have reached the same round in the ladies' doubles.

events.

Gray of Portland and Garrett of Victoria have reached the finals in the former by victories over Ryall and

Goss. respectively.
Yesterday's results were as follows:

6-4.
Bradshaw Harrison defeated Sid-Smith, 7-5, 6-4.
L. de Turenne defeated H. Prusoff, 6-2, 7-5.
S. Lockwood defeated J. Risso, 6-4, 2-6, 6-4.
MIXED DOUBLES
Mrs. Gross and Almquist defeated
Mrs. Ismay and Hesketh, 6-3, 6-2.
Miss Hunt and Nordstrom defeated
Miss Bass and Shakespeare, 8-0, 8-0.

Miss Bass and Shakespeare, 6-0, 6-0, Miss Tatlow and Harrison defeat Miss Cove and W. Langlie, 6-4, 6-3.

Miss I. List defeated Miss K. Hall, 17-15, 6-4.
Miss Griffith defeated Miss Betty Cove, 6-3, 6-4.
Miss N. Wilson defeated Miss J. Lang. 8-6, 6-3.
Mrs. Mogg defeated Miss Betty Clarke, 6-2, 6-2.
Miss Primrose defeated Miss Bass.

Miss Primrose defeated Miss Bass, 5-2, 4-6, 6-4.
Miss Griffith defeated Miss N. Wil-

G. Cunninghem defeated E. J. Mc-Loughlin, default.

D. Murray defeated G. W. E. Phil-lips. 6-3, 6-2.

G. Cunningham defeated D. Murray, 6-1, 5-7, 6-6.

LADIES' DOUBLES

Victoria Boxers

LADIES' CONSOLATION

LADIES' SINGLES

A large gallery watched Risso pile up a seemingly safe lead of 3-0 in the first leet, only to fall into erring ways and loss five of the next six games. Lockwood was content to keep the ball in has until he saw an opening, and shen he did the point was almost altimated by Miss Rithet and Bob Schwengers ways his. EVENED UP COUNT

The second set saw a complete about ace in the state of affairs. Risso ightened up his game, while Lockwood's play suffered in contrast, wigh he result that the one-armed marvel wened the count at 6-2.

He went shead to lead 3-1 in the linal stanza, but Lockwood then abantoned half-measures and went for the tases with such success that he broke

It was nip and tuck all the way, with Lockwood's slashing service and general audacity offsetting Risso's greater accuracy off the ground. The winner dow meets Leon de Turenne of Seattle loadsy, following the latter's 6-2, 7-5 rictory over the P.N.W. junior champion, Henry Prussof of Seattle.

Miss M. Campbell defeated Miss Mc-Nab. 6-1, 6-1. Miss Hope Leeming defeated Mrs. Gross, 6-4, 6-3. Miss Cruickshank defeated Miss Tat-low, 6-1, 6-3. MEN'S SINGLES. W. Langlie defeated C. Hodgson, 6-4, 6-4. pion. Henry Prussof of Seattle.

The latter took the aggressive all the way against Turenne, but he did not have quite the control necessary to vin, although he was able to force the saue at the end. Prussof has a margelous assortment of shets. He has a seture service, a good net game and a wonderful physique, but his ground strokes, though brilliant, were not steady enough to pull him through ugainst a man of Turenne's calibre. In another year he should be the most langerous player in the Northwest, as he is only eighteen.

MITH TRIED HARD

Bradshaw Harrison was not able to take Sid Smith of Tacoma a: all lightly in their quarter-final encounter, which only went to the champion of Washington, Oregon, the B.C. Mainiand and the Pacific Northwest at 7-5, 3-4. Smith's play has been the feature of the tournament to date, and his aggressive serving and volleying the time of the tournament to date, and his aggressive serving and volleying the time of the tournament of the teature of the tournament to date, and his aggressive serving and volleying the time is supported by the same of the tournament to date, and his aggressive serving and to the way spainst the Californian, who did not isphay his usual fluency of stroke. Whether he is stale or not remains to be seen, but at any rate his drives lacked their usual pace and depth, while he did not show any too great confidence with the rest of his game. Smith's lengthy programme of the day before seemed to have sapped some of his usual energy, and as a result the lennis was rather spotty, varying all line way from brilliant to middocre.

Harrison now meets "Whighy" Lang-lie to-day and unless the ladge greater.

6-4.
Miss Miller defeated Miss Primrose.
6-0. 6-1.
Mrs. Mogg defeated Miss Kitchin,
6-9. 4-6. 6-4.

MEET CALIFORNIANS

The two ladles' semi-finals. Miss Cruickshank vs. Miss Campbell, and Miss Hunt vs. Miss Leeming, were scheduled for this morning. In both a local girl met a Californian, and both matches were watched with special interest by Victoria fans. The "dope" favors the Southerners, but "dope" favors from Faurison and Lockwood, the defending champions and hot favorites to repeat, won a weird match yesterday from Frussof and Hesketh. The score of 1-6. 6-0, 6-0 tells the tale.

In the first set the titleholders could do nothing right, while both Prussof and Hesketh were aggressively steady. In the last two periods the Seattle men were relatively impotent, although nearly all their points were lost on inexcusable errors. The winners were far from impressive. All four men treated the gallery to a fancy exhibition of verving, with the aces flying right and left.

HAD HARD MATCH

HAD HARD MATCH

Last year's finalists, Aimquist and Risso, also had their troubles, as Gordon and McCallum took the second set of their match and were always threatening. The locals played heady tennis, profiting by their opponents mistakes, and only going down at 6-2, 4-6, 6-2. The winners had too much "stuff" in the final set.

The Seattle pairs, Turenne and "Windy" Langlie, and Nordström and Howard have had a much easier time of it. The former combination meets Aimquist and Risso, while the youngsters face Harrison and Lockwood. Both affairs promise to be lively in the extreme.

Out Successor For P. Nurmi

Olympie Stadium, Amster-dam, Aug. 3.—Finland trotted dam, Aug. 3.—Finland trotted out a successor to Nurmi in the Olympic 1,500-metres yesterday afternoon and the slim twenty-year-old star, Harry Larva, responded by outrunning the French threat, 'Chesty Jules' Ladoume, and slashing Paavo's Olympic record.

This latest addition to the 'Flying Finns,' demonstrated why Nurmi is now confining his efforts to the longer dis tances by galloping around the field and past all rivals to break the tape in three min-utes 551-5 seconds, just 2-5 better than Nurmi's 1924

Larva's victory in this Olympic classic in which the lone American, Ray B. Conger, was badly outrun and finished tenth, featured the fifth day of the olympic track and field

MCLARNIN WILL THREE STRONG TEAMS Three strong teams, one of them local, remain in the ladies' doubles. Miss Leeming and Miss Campbell meet Miss Hunt and Miss McNab in one bracket, while Miss Cruickshank and Mrs. Oross are expected to reach the finals in the other. Miss Josephine Cruickshank advanced serenely on her way in the singles by defeating Miss Tatlaw of Vancouver in straight sets, 6-1, 6-3. The veterans are waging bitter warfare in both singles and doubles events. Gray of Portland and Gareett of FIGHT MANDELL **AGAIN IN FALL**

McLarnin Knocks Out Loayza Californians Here Are in Fourth Round For Ten Minutes

Short Right Starts Chilean on Way to Ruin; Then Comes

Detroit, Aug. 3.-The pile driving power that Jimmy Mehis hands has blasted another obstacle from his path to a return shot at Sammy Mandell's title, and at the same time relegated to the pugilistic scrap heap the title aspirations of Stanis

laus Loayza, of Chile.

Last night a capacity crowd of
18.000 saw the Canadian boy bet the
courageous little South American into
a state of insensibility in four rounds
at the Olympic Arena. CHILEAN'S DOWNFALL

Feeling out his opponents cautiously in the first two rounds and landing nothing more damaging than an occasional light left, McLarini lured the Chilean into making a rushing, charging fight of it and that led to the latter's downfall.

Gaining confidence after an even break in early exchanges, Loayza began carrying the fight to his opponent and near the close of the third round McLarnin caught him coming in with a short right to the chin. The blow thook the Chilean to his heels and he was reeling around the ring under a berrage of rights and left to the head when the bell ended the round.

G. Cunningham defeated D. Murray.
6-1, 5-7, 6-0.
8. Hole defeated R. Berrill, 10-8,
17-15.
R. G. Christy defeated J. H. McLoughlin, 10-12, 6-4, 6-4.
R. G. Christy defeated Kesson by

Useful Tips For Summer Campers

By DR. MORRIS FISHBEIN

Life in the open is pleasant in the Summer: it is however, surrounded with hazards of which few people know and which are disastrous unless care-

Summer; it is, however, surrounded with hazards of which few people know and which are disastrous unless carefully considered.

In considering preparations for safe camping, Dr. Waiter M. Dickie of the spane, Dr. Waiter M. Dickie of the camping, Dr. Waiter M. Dickie of the camping, Batte Board of Health points out two of the most useful tools that a camper can carry are a spade and an axe, and the spade is the more useful of the two.

BURYING WASTE

In the disposal of waste by the use of the spade, they should be buried at least twenty-five feet from any stream or body of waster and should be buried deep enough so that they cannot be dug up by animals or gotten at by insects.

A spade is also useful in putting out permanently camp fires which may set if fire to fields and forests. If every camp fire would be buried properly under-six or eight inches of dirt, vast

A spade permits the digging of trenches and the leveling of the camp site. It is useful for burying all remants of food, empty tin cans or bottles, and body waste. It helps get rid of camp garbage which attracts flies and insects, and mosquitoes are worst. The camper should protect sardinested with substitute of the camp is the insect pest, and of all the accident. The family received a wind insects.

BURYING WASTE

OUT OUR WAY

if you have something

BLACK BOTTOM

fires.

One of the worst nuisances in any camp is the insect pest, and of all the insect pests, files and mosquitoes are worst. The camper should protect himself against such insects. This he will do by the use of proper screening or netting and by proper sanitation of camp surroundings, particularly if he is concerned with a permanent camp.

RELIEVING IRRITATION

In most of our states malaria is not frequent. No doubt, danger, of the mosquite bite to-day is primarily the irritation and the secondary infection that sometimes follows through creatching.

The irritation is relieved by a weak

Here's Your Vacation Money!

There is always a ready market among people who wish to buy, for cash, that which you no longer need. It is in the Sale Miscellaneous ads of The Times." Used iceboxes, tents, baby carriages, guns, pianos, radios, phonographs, furniture, stoves, bieyeles, lamps, and even used radiators and typewriters are daily sold in that way. These items are dust covered dollars—uncover them, sell them, "cash in" on them!

We have well trained ad-writers at The Times who will word an ad for you that will bring a CASH customer. If you do not wish these people to call during the day, you can state, in the ad, an agreeable time to have them call in the evening. Anyway, you can get ready cash by selling used articles through the Sale Miscellaneous classification of the Want Ad section, and we are daily doing that for many, as is proven by the testimonial letters regularly received.

REPORTS ON ISLAND BOARDS

C. P. Hill Tells Chamber Directors of Qualicum

Fifty-five delegates, representative of the whole of Vancouver Island were present at the Associated Boards of Trade of Vancouver Island convention at Qualicum, C. P. Hill reported at the meeting of directors of the Victoria Chamber of Commerce this afternoon. The convention was enthusiastic and harmonious, said Mr. Hill, outlining the business done. Regarding the proposed Cowichan flume, he said it was pointed out that it would cost \$750,000 to build and when the timber was taken the country would be left with no ralinost and the proposal was not looked upon with favor.

He mentioned that Brigadier-General Money of the Qualicum Beach Hotel was highly appreciative of the work of the Victoria and Island Publicity Bureau for the Island and warmly commended Publicity Commissioner Warren. Victoria, he mentioned, had been successful in securing the next convention.

minute is admitted there were too many notice in the city, and one member, after it had been suggested that Victoria had to a certain extent encouraged the Impression that Victoria was a place where people could come for reat and where they did not have to pay anything or bother to titink.

FISH MEAL IS FINE COW FEED

Experts Discover Valuable Uses For Products of Island . Pilchard Plants

west Coast of Vancouver Island, may become an important food for British Columbia cattle, as a result of investigations completed by experts of the Provincial Department of Agriculture.

After testing fish meal as a food and examining its method of manufacture, officials of the department are convinced that it offers important possibilities to the dairy industry. It would be used as a highly -concentrated food, mixed with bran or other feed. Experts believe that is made up of ingrediants extremely valuable to cattle. The tests conducted recently are expected to open up an important local market for the products of the great pilchard reduction business. At present most fish meal made on the West of Coast is shipped to overseas markets with fish oil. It is used for fertilizer and chicken feed, but experts are convinced that this is a wasteful method of handling it when it would be far mare valuable as cattle feed.

STOCK MARKETS - FINANCIAL NEWS - GRAIN MARKETS

TO-DAY'S GRAIN **MARKETS**

By Branson, Brown & Co. Ltd. By Branson, Brown & Co. Ltd.
Winnipeg, Aug. 3.—Wheat—Wheat
market was a repetition of the past
two days, the futures being dull with
nothing of feature going on, while
in the cash market there was a good
demand for all grades, chiefly from
shippers, who were reported as being
short to fill boat leaving the head of
lakes, and offerings being tightly held,
spreads were ½ to 2½ cents better.
The feed grade being the strongest. spreads were 1/4 to 21/2 cents better, the feed grade being the strongest. The futures market opened about half lower, based on the cables which were lower than due, and after holding very steady the first half of the seasion, finally eased off, prices getting 1/4 under the previous close, getting through the daily bids, some buying against which caused a slight reaction. There was no particular pressure on this market, which sagged of its own weight and in sympathy with weakness in Chicago. The trade are not pressing the market at present, but are awaiting crop developments the next week or ten days.

Export business yesterday was fairly large, sales being estimated around 2,000,000 bushels, mostly Manitobas, but new business over night and this

next week or ten days.

Export business yesterday was fairly large, sales being estimated around 2,000,000 hushels, mostly Manitobas, but new business over night and this morning was very lithinted, sales being confined to a few odd loads. The weather in Western Canada has been mostly fair with a few scattered showers in Alberta.

Temperatures were cool, but there has been no frost, the lowest official temperature at any point being forty. The forecast is for mostly fine and warmed to-day and on Saturday. The feeling is growing that the Canadian crop has escaped all rust damage, and that now we are out of danger of frost, a few days more and the crop will be made, and there is no doubt but what it is a record one. We look for the market to work irregularly and that the small upturns should take advantage of to sell wheat.

Liverpool closed 15d to 3d lower, and that market will not reopen until Tuesday morning, while Winnipeg will be closed on Monday, civic holiday. Winnipeg futures closed 15, to 15, lower.

Coarse grains—Outside of a little.

Coarse grains—Outside of a little, buying of barley by seaboard houses for mid-September shipment, the coarse grains were quiet. The demand for oats is very small, while old crop rye is practically cleaned up. Oats closed \$4\$ to \$4\$ lower; berley unchanged to \$4\$ lower, and rye 1 cent lower.

Flax—This market continues very dull with practically nothing going on. Closing prices unchanged to \$4\$ lower.

Wheat— May Oct.	Open	High	Low	Clos

(B.C. Bond Corporation)
Chicago, Aug. 3.—Wheat made new
lows on the crop. Trading was not
heavy, but pressure, evidently of a
hedging charcater, was apparent. Support for the most part was lacking,
buying being almost entirely by locals
and shorts, with selling credited to

wills.

Very little export business was done owing to the approaching holiday. No attention was paid to colder weather in Canada. Frost was reported at one or two points, but no damage was seen. The new lows on crop were made on the close of the session.

Short covering yesterday in corn deprived corn of support, prices eased rather sharply. September breaking around 4½ cents from the top. December sold within a fraction of the low on the crop. The tone was heavy. Re-

the crop. The tone was heavy. Re-ceipts were very liberal. Iowa, Neb-raska and Kansas had splendid rains over night, and this encouraged selling of the new crop months. Some of the shipping of the morning was credited to elevator interess.

WHITNEY LETTER

By Branson, Brown & Co. Ltd. New York, Aug. 3.—Whitney of the Wall Street Pinancial Bureau says to-COMING UP AGAIN

COMING UP AGAIN

"Yesterday's market gave just enough attention to a forthcoming broker's statement and an âmendment to be made by the clearing house committee to 'engage in a moderate reaction, reaction which I believe has been completed, and which was not much of a reaction anyway, considering the advances which have been recorded. Despite predictions to the contrary, no change has been made in the New York rediscount rate, nor is there likely to be any in the near future. Whereas Pederal Reserve statements covering approximately the month of July have recorded an increase of \$24,000,000. The stock exchange statement disclosed a decrease of \$81,000,000, but since any attempts in the past to reconcile the Pederal Reserve figures with the stock exchange figures have been quite barren of constructive results, the best thing to do is to note that a decrease has been shown and let it go at that. The market is telling its own story by its action, and it is saying that good stocks are going higher, so on any attempt to bring about additional reaction to-day, previously mentioned issues should be purchased."

COMMENT
"Bullish opinions have been ex-

action to-day, previously mentioned issues should be purchased."

"Bullish opinions have been expressed here on Chrysler for many months past, but with the completion of the absorption of Dodge Brothers, the opinion now held is more bullish than ever, and the prediction advanced that Chrysler will sell at better than \$100 s share. Dodge has, perhaps, one of the finest manufacturing units in the automotive field, and a dealer organization second to none. Chrysler has the product and the know how. The combination is relatively unbeatable, and from the earning standpoint there is this to note: That on the basis of the average earning power for 1926 and 1927, respectively, the best and poorest years for Dodge, the average shows \$11.33 a share on each share of Chrysler issued to affect the exchange. In order to pay the dividend called for by the new Chrysler stock, Dodge would have to contribute approximately \$7,000,000 per annum. In no year has it ever earned less than double that amount. If you took 'profits on the recent advance in Chrysler to eighty, purchase it and don't sell, even if it

ever earned less than double that amount. If you took profits on the recent advance in Chrysler to eighty, purchase it and don't sell, even if it makes a new high record, as it will.

"American Can has completed its reaction from its recent new top, and is ready to resume again. You have been promised at least 120 for Can if you will hold it, and that promise will be fulfilled. The Armour Issues under the leadership of the 'A' stock are under way again, and this time the advance will not be stopped until new high records substantially above this year's best prices have been reached. The advance in International Comb. Engineering, in anticipation of which purchase recommendations have been made in past week, is likewise is scheduled for resumption to-day. The same interests responsible for the advance in Allied Chemical have made their appearance in National Distillers."

Injunction Move Is Made Against U.S. Reserve Bank

New York, Aug. 3—Suit for an inunction against the Federal Reserve
Bank of New York was begun in the
United States district court here to-day
by Frank G. Rauble of Buffalo, N.T.,
who seeks to restrain the bank from
enforcing rediscount rates. Rauble
claims the rates are part of propaganda undertaken in spreading false
reports of a "money shortage."
He charges these rates were fixed deliberately to restrict the credit available for investment.

MARMOT RIVER GOLD

MEHAREY, ROE & CO. LTD.

Wall Street | Montreal Stocks

New York, Aug. 3—The evening edition of The Wall Street Journal says:

Wide advances in special stocks feature the trading in the first hour, although the standard industrials were quite irregular, due, presumably, to uncertainty over the increase of 875, 200,000 in the weekly brokers' loans.

Shattuck, at the end of the first hour, while Atlantic Refining ran up over to its and then the popening rate of 7 per cent and later in the day was available at 6½ per cent and later in the day was available at 6½ per cent and later in money rates steaded the whole list and it was again noticeable that the market became quite dull whenever selling appeared.

Chrysler was the outstanding feature of the attended the the normal earning power, with conditions in the automobile industry generally favorable, of the Chrysler date that the normal earning power, with conditions in the automobile industry generally favorable, of the Chrysler was on the present amount of Chrysler content and the same and the state of the chrysler of the stock. Predictions were made that the normal earning power, with conditions in the automobile industry generally favorable, of the Chrysler with lost 1½ points. BA. Oll was of % to 38.

Normada displayed good resistance to the lower trend losing only ½ after touching \$7.00.

In the day would be increased perhaps to \$5.

More bullish information has been distributed on Chrysler recently than perhaps on any other stock on the list. A wide following undoubtedly has been seen for many veeks past. It may be said that the hour was agreed that the normal earning power, with conditions in the automobile industry generally favorable, of the Chrysler dividend would be increased perhaps to \$5.

More bullish information has been distributed on Chrysler recently than perhaps on any other stock on the list. A hier for the day.

Lead-zinc Mines Have Amalgamated

BOND MARKET. QUIET TO-DAY

New York, Aug. 3—The bond market yielded to the intense heat to-day and enjoyed a siesta, trading falling off to a fraction of the usual volume. The reported increase in brokers' loans and announced efforts of the Clearing House Association to curtail loans for others also played their part in limiting trading.

The two point rise of Cuba Cane Sugar convertible 7s, was a feature of the industrial group, the issues recovering ground lost in the recent slump. Rails were inclined to heavings.

CONSOLIDATED TAKES HARVEY MINING GROUP

according to announcement to-day.

The Harvey group is located twelve miles from Smithers, B.C.

Supplies are being transported into this new ground, and development is already being commenced by the company.

Development At Topley-Richfield

(By Miller, Court & Co. Ltd.)

(By Miller, Court & Co. Ltd.)

An important announcement in connection with the development of Topley-Ritchfield has reached Miller, Court & Company Limited, underwriters of the stock, from Frank H. Taylor, president and general manager of the company. It reads as follows:

"Drill core at depth of 892 to 899 feet shows very strong ore body. This gives a vertical depth of about 600 feet at this point (the diamond-drill hole was driven at an angle). Assays show \$12 in gold and nine ounces of silver to the ton. Also lifteen feet of drill core adjacent to the above shows fair values. This showing assures future of Topley-Richfield, with large tonnage of mill ore at depth.

"North drift in strong ore body, showing good values. The crosscut in the east ore zone shows some good gold and silver values obtained from the last seventeen feet of the crosscut. The drift and crosscut were advanced 340 feet during July."

seventeen feet of the crossout. The drift and crossout were advanced 340 feet during July."
Meanwhile, further development by tunneling, crosscutting and diamond-drilling is being rushed on the northern property, so that the company this Fall may consider the capacity of the concentrator which it is proposed to erect on the property.

HEAVY OUTPUT FROM SMELTER

Nelson, Aug 3.—Ore received at the reduction plant of the Consolidated Mining and Smelting Company at Trail for the first seven months of 1928, totaled 382,384 tons. Custom mines shipped 55,114 tons of this and the remainder of 307,280 tons was received from company mines. the remainder of 307,260 tons was re-ceived from company mines.

During the last seven days of July, company mines shipped 11,401 tons to the smelter and custom mines 2,868 tons, making a total of 14,259. The heavy custom shipper for the week was the Allenby Mine. A new shipper this week was the Kootenay Belle at 58amo.

this week was the Kootenay Belle at Saimo.
Ore received from custom mines was as follows: Copper, Allenby, 827.
Lead—Duthle, Smithers, 24; Galena Farm. Silverton. 29; Hewitt, Silverton. 35; Lucky Jim. Zincton. 37; Ruth, Sandon, 48; Sally, Beaverdell. 50; Whitewater, Retailack, 34.
Dry ore—Insurgent, Bepublic, Ill.; Kootenay Belle, Saimo, 42; KeAllister, Three Forks, 289; Quilp, Republic, 378; Surprise, Republic, 55.
Milling ore—Alamo, 46; Whitewater, Retailack, 35.
Zinc—Duthle, Smithers, 30; Oalena Farm, Silverton, 43; Hewitt, Silverton, 37; Lucky Jim. Zincton, 349; Ruth, Sandon, 46; Silversmith, Smithers, 205; Whitewater Retailack, 118.

CALGARY OILS SUGAR

Aug. 3.—Appear of the rest of the Railway since 1916, to be file Reinstate O Who Kil

Columbus, Ohio, Aug. 3—Ohio's hopes for reopening its coal mines after sixteen months of idleness have been dashed. The joint conference of operators and union officials last night adjourned sine die without reaching an agreement upon a wage scale.

International Proprietaries Ltd.

(Eno's "Fruit Salt") CLASS "A" STOCK

Price \$40 Per Share and Accrued Dividend
This Stock, being cumulative and prefer tital as to dividends, is also
participating in additional dividends, is. Class "A." in addition to
the \$2.40, will receive 25 per cent of the total amount declared or paid
to Class "B" until such amount shall equal \$3.40 per share, after which
all dividends declared over and above will be applicable to Class "B"

Eno's "Pruit Salt" has been distributed the world over for fifty years. The company's plants are located in London, Toronto, Canada; Berlin, Germany; Paris, France; Barcelo Earnings this year are estimated at \$625,000, and dividend re-call for \$504,000.

"The mine superintendent reports the vein is now 18 ft. wide with much of the ore showing visible gold. This looks like the biggest strike made in the Central Manitobs field."

GIRDWOOD & LEWIS LIMITED

REPORT DECLARES UNION IS NEEDED

Board of Conciliation Says Alberta Coal Miners Require | Prominent People of Orient Strong Organization

Reinstate Officer Who Killed Man

Aboard R.M.S. Empress of Asia

from the Orient, the C.P.R. liner Empress of Asia, Commander A. J. Hailey

and their employees at Wayne, Alberta, has reported, expressing the view the men should have a strong union which would be recognized by the operators and recommending the operators withdraw their objection to the men securing a suitable meeting place for the purpose of holding legitimate meetings of their union.

Other recommendations are that the parties to such agreement should be a local union at each mine and the management and that the dues should be checked off and turned over to the local union secretaries and that the ideal union secretaries and that the ideal union secretaries and that the ideal union secretaries and that the local union secretaries and that the local union committee and management by setting up a board of reference selected by both parties.

Earning Capacity

Mill Handles 300 Tons of Ore First Day; Fifty Per Cent More Than Estimated Capacity; Big Earnings

On August I, the 200-ton Goleonda Mill went into production and results

proved conclusively that former estimates of earnings will be vastly exceeded as production continues. Three hundred tons of ore were milled in the first

estimated the earning power of Golconda on completion of mill

at approximately \$50,000 a month. In demonstrating the ability to

erush 300 tons daily (instead of

200 tons) actual earnings will be in the neighborhood of \$75,000 monthly. Net earnings of nearly

\$1,000,000 a year on a capitaliza-

tion of only \$1,500,000 makes Goleonda to-day's outstanding

purchase of the mining market,

TORONTO MINING MARKET

Toronto, Aug. 3.—The standard exchange was quite active to day, and the tone generally was firm. Amulet came into the limelight again with a bang, rising 35 points at the opening under excellent buying on news of a new strike in a new section of the under excellent buying on news of a new strike in a new section of the property, but reacted later to close at 420 to 425, for a gain of 5 points. Cegtral Manitoba was considerably stronger, and gained 6 points at 94 to 95. Hollinger reacted from 9.90, opening, closing at bottom for a further loss of 45 points. Howey was very heavily traded in and sold from an opening of 1.00 to 1.20, later reacting to 1.10, recovering at the close to around 1.15 for a net gain of 15 points. Jackson Manion was very active and up 10 points to close at 96 to 100. On news of ore being cut by the Newbee in diamond drilling, this issue opened strong at 30, but was unable to hold all the gain, closing 28 to 29 for a net gain of 3½ points. At the opening Noranda was moderately reactionary, following the sharp advance of the last few days, but was heavily traded in closed firm. Sherritt Gordon closed at 960 for a net loss of 15 points. From the opening Sudbury Bastin had a general uptrend, closed unchanged from yesterday wight Hargreaves gained 12 points from yesterday's close, while reck Hughes lost 15 at 935 to 940. Mandy was off 6 at 320 to 325. International Nickel was another feature, and sold from the opening of 97% up to 102% at the close. There will be no session of this exchange on Saturday morning, August 4, nor on Monday.

Croat Peasants Break Away From Belgrade Parliament; Repudiate Obligations

Belgrade, Aug. 3—Jugoslavia faced the most serious internal crisis of ita ten years of existence to-day, two parliaments having met simultaneously in Belgrade and Zagreb.

The Peasants' Parliament, which started its essaions in Zagreb on Wednesday, adopted a strongly worded proclamation against the policy of the Belgrade Government. It was declared the peasants were determined to get what they considered their rightful share of governmental benefits or they would persevere in their tactics

N.Y. Market Gossip Retail Market

By H. P. BLISS

succeeded by a call rate of 7 per cent. Time money remains firm, and the situation appears further complicated by reports of the intention of the New York Clearing House Association to take action on the situation which has developed from the substantial lending of corporations and individuals in the call market. A 7 per cent rate is unusual at this time of the year and although there were some signs of relaxation Wednesday, they were not definite enough to warrant the positive prediction that call money would be obtainable in the immediate future at say 5½ per cent. Further, the so-called technical position of the market itself, irrespective of money conditions, might easily have invited some selling. Just a few industrials have been especially active and strong. Some of them have had advances wide enough to invite profit-taking. We believe that for the time being we would be strongly inclined to go slow in the matter of taking long positions in the higher, priced industrials.

News affecting the oil stocks appears to be definitely favorable. Purther increases in prices of retail gasoline are announced. The wholesale gasoline market is very firm and there was a decline in June of stocks of all oils, crude and refined. In view of these developments we believe that further indications of strength in the oils can be followed.

New York, Aug. 3 (By B. C. Bond Corporation.)

New York, Aug. 3 (By B. C. Bond Corporation)—It might be said that toward the end of last week and at the first of this week outside participation on the buying side gave evidence of substantial increase and similarly the market showed signs of spreading out beyond the limits of just a few active issues. When those signs appeared it

British Premier Declines to Make Clear to Commons **Government's Policy**

London, Aug. 3. — Premier Stanley Baldwin refused to meet the desires of questioners in the House of Commons who yesterday sought from him some definite statement on the Government's tariff policy. There was a brisk fire of questions seeking to develop whether the free trade speeches of Rt. Hon. Winston Churchill, Chancellor of the Exchequer, or the protectionist utterances of Sir William Joynson-Hicks, Home Secretary, represented the Cabinet's policy.

The Prime Minister carefully refrained from making any definite statement. Instead he greeted the beckling, in. a Joular vein, especially when it turned upon the conflicting statements expressed by members of the Cabinet.

TRUTH IS MANY SIDED

TRUTH IS MANY SIDED

At one stage he said: "I must frankly confess that after such examination of these speeches as I have been able to make, I am struck not so much by the diversity of testimony as by the many-sidedness of truth."

The saily was greeted with prolonged laughter and cheers.

About the only definite information the House got from the Premier was that he would decline to appoint a royal commission to investigate the present need of placing "safeguarding duties" on iron and steel products. Otherwise the House was no wiser than when it started, as to what the Government's policy will be when it goes before the country in the next general election.

the ground. You see we're going to have the party on the ground 'cause you can't climb a tree, Uncle Wiggily," chattered the squirrel boy. "Rabbits can't climb trees."
"That is very true," said Mr. Longers, "And it is very kind of your mother to think of that and have the party on the ground, which makes it so much easter for me. But I'm sorry, Pippte can't be at the party. Perhaps, when to-morrow comes, your little sister will be well enough to scramble down the tree."

"Thope so," chattered Billie and Johnnie said the same thing.
But alas! When the day for the party came and when Uncle Wiggily, with Mrs. Longears and Nurse Jane and the forty leven bunnies, with Raby Bunty, whe was number forty welve—when they had hopped to the party, there was Johnnie and there was Billis, but Pipple want't there.

"Oh, isn't Pipple any better?" asked Uncle Wiggily.
"Not quite well enough to come down ten tail tree, chattered Mrs. Bushytali, the mother squirrel?" asked Nurse Jane.

For this, you know, is how mother squirrels ride their little bables from place to place. The mother squirrel takes hold of her baby as a pussy cat mother carries her little ones. Only the baby squirrel very cutely wraps its fluffy tail around tis mother's neck the better to Hold on.

"T'm afraid Pipple is too big to be carried that way," said Mrs. Bushytali, And it semed that Pipple could not come to the party, where everyone was having such a lovely time. Until, all at once, Uncle Wiggily gave a laugh and said:

"Thave thought of a way to get Pipple down out of her tail tree nest down on the ground so the car come to the party, where everyone was having such a lovely time. Until, all at once, Uncle Wiggily gave a laugh and said:

Book of Knowledge Synopsis by Branch

Tracing cattle breeds to their origin would be a difficult task. For instance some believe the Jerseys and Guernseys came originally from France because of the similarity between French-Canadian cattle, Jerseys and Guernseys. Here the artist has sketched a French-Canadian bull. sion of the Publishers of The Book of Knowledge, Copyright, 1923-26

The Ayrshire is an un-mistakable breed. Above is shown the hoad of an Ayrshire bull; below, a cow. They are white and brownish red.

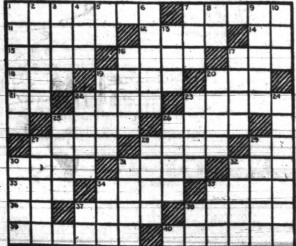

The Brown Swiss are much liked by some in America. They are common on farms throughout the United States.

One of the most popular beef brands that comes from Britain is the Shorthorn or Durham. These are immense creatures, usually red or white or with these colors combined. Most Shorthorns give very little milk, but some have been bred to yield milk as well as beef.

PLANE NOV

B.C. Airways Limited Sends New Stamp Issue Out To-day; Service To-morrow

utes will have elapsed.

Mr. Gardiner has emphasized the value of the air mail to Victoria business men. It will give them a much faster service and a better service than ever before, for mails that miss the midnight boat will still be delivered in Vancouver before noon and those that go by the afternoon plane will eath early trains out of the city to the East and reach Vancouver business men before 6 o'clock the same day.

each ounce over that weight. This rate is added to the regular postal charge. "We expect to see the air mail busi-ness grow very rapidly." Postmaster Gardiner said to-day.

Fine Programme Will Be Offered By Air Force Band

Flight Lieut. Amers, musical director of H. M. Royal Air Force band, has shown his knowledge of the Canadian public by selecting a programme that will please all. There is a variety of numbers from classical to march numbers. This is evidenced by the programme that the band has rendered at the larger exhibitions.

day; Service To-morrow

Air mail from Victoria to Vancouver will be carried-by the passenger monoplane of the B.C. Airways Limited with the insuance of the stamps to day. For the first time in history in this Province, air mail will roar between the capital city and the British Columbia mainland, for to-day the plane which recently inauscurated the passenger service between these points will take a supply of air mail stamps to the post offices on the other side of the Gulf of Georgia.

Lithographers delivered the stamps to the operating company last night. They will be on sale at the Post office to-day. Later they will be distributed in hotels and elsewhere in the city. These stamps are artistically designed. In two shades of blue and white, and represent the intercity mail plane flying over water. The name of the operating company is on the stamp.

CLOSING TIME

Mails close at the Victoria Post Office at 10.16 o'clock in the afternoon, O. H. Gardiner, postmaster, announced last night. A special automobile will carry it to the B.C. Airways Limited hangar, and there it will be loaded for Vancouver. From the time it leaves victoria until it is at the Vancouves Post Office, only about fifty-five minutes will have elapsed.

Mr. Gardiner has emphasized the vancouver. It will give them a much before the product of the air mail to Victoria business and the samp.

COSING TIME

Mails close at the Victoria Post Office, and special automobile will carry it to the B.C. Airways Limited hangar, and there it will be loaded for Vancouver. From the time it leaves victoria until it is at the Vancouves Post Office, only about fifty-five minutes will have elapsed.

Mr. Gardiner has emphasized the vancouver. The same counter arrived at Port and the product of the air mail to Victoria business and the product of the samp and the product of the samp and the product of the

Mr. Cardiner has emphasized the value of the air small to Victoria business men. It will give them a much faster service and a better service than the will still be delivered in Vancouver before noon and those that go by the afternoon plane will catch early trains out of the city to the East and reach Vancouver business men before 6 o'clock the same day.

"Wo Deliveries

"WO DELIVERIES

"WO DELIVERIES

The Vancouver air mail will arrive at the Victoria Post Office at 1.05 p.m. and 6.20 p.m. The morning air mail from Vancouver will thus be on time for deliveries both in the business and residential districts, and will catch outbound stages and trains for northern Island points.

The air mail to Victoria Post Office at 1.05 p.m. and 6.20 p.m. The morning air mail from Vancouver will thus be on time for deliveries both in the business and residential districts, and will catch outbound stages and trains for northern Island points.

The air mail to Victoria Post that miss the launch goes a sudden lurch and Rollman fell dereboard. Efforts to rescue him were futile.

Surcipe in New York

New York, Aug. 3—William Andrews Wilson, retired banker and a membage of the Harvard Club, was found ded in his room at the club to-day. Police at icker are available it is sufficent to write in bold characters "Via Air Mail" on the envelope. The mail goes for 5 cents for the first ounce of any fraction thereof, and 5 cents additional for which he died.

The service and a better service than miss the mid about a business and reach Vancouver business men be for 6 o'clock the same day.

The vancouver will thus be on time for deliveries both in the business and reach Vancouver will all will arrive at the Victoria Post Office at 1.05 p.m. and 6.20 p.m. The morning air mail follows a few the success of the success of the same day.

Suppose the attendor of the club to Victoria Post Office at 1.05 p.m. and 6.20 p.m. The worning air mail follows and the success and reach Vancouver will thus be on time for deliveries both in the business and r

AT THE THEATRES

NORMA TALMADGE STARS IN FILM **NOW AT VARIETY**

Clarence Brown, who directed Norma Talmadge in her latest picture, "Kiki," has cultivated a perfect English brogue from associating with Ronald Colman, George K Arthur and Marc MacDermott, all of them principals in the picture and born Englishmen. Brown was born in New England. "Kiki" is showing to-day at the Variety.

SPLENDID CAST IN PICTURE AT CAPITOL THEATRE

Modernists in art see a triumph for their theories in the adoption of modified cubist designs in furniture for motion pleture sets. Colleen Moore's "Happiness Ahead," now showing at the Capitol Theatre, having introduced the practical adaptation of this form of art in the furnishing of an ultrasophisticated setting representing a Park Avenue apartment.

This type of furniture, built on straight lines with sharp angles, is unusually low, and hence gives an illusion of height to the setting in which it is used.

which it is used.

Edmund Lowe plays opposite Miss Moore in "Happiness Ahead." other prominent members of the supporting cast being Lilyan Tashman. Edythe Chapman. Charles Sellon, Robert Ellott and Dione Ellis. Edmund Goulding wrote the original story, which was adapted for the screen by Benjamin Glazer.

CHANEY PLAYS LEAD IN FILM AT DOMINION

Lon Chaney in a new clown role, his first since the famous "He Who Gets Siapped," is the attraction at the Do-minion Theatre, in Herbert Brenon,

fort-standing above all her

reat achievements.

It was with no commercial aspect in view that the film was made. The subject was handled masterfully, tactfully and reverently, and even the execution.though grimly realistic, is devoid of actual horror.

From the commercial point of view, however, a percentage of all receipts of the picture, no matter where shown (and it is a liberal percentage) is being diverted to the nursing homes which have been established in memory of Edith Cavell.

HECHT, NOVELIST, **AUTHOR OF STORY** AT PLAYHOUSE

Ben Hecht, a newspaperman, novelist and playwright, has had a short but truly remarkable career as a screen writer, for although he has writen but two film stories, both has been outstanding successes. The latest is "The Big Noise." First National Picture now showing at the Playhouse Theatre. The first was "Underworld," a gripping melodrama of big city gunmen wars.
